Our 3x3 City Basketball League is available to all Kamloops youth in Grades 4 to 12

In Elementary School, let's face it, your child is lucky to get 5 games during a short season, and maybe a playoff game or two if he or she is lucky. And in those games, they may get two or three shifts of about 4-minutes each. So at the end of the day, there really isn't much game experience, or skills and experience in general, being developed. Kids need to play and have fun!

In High School, let's face it, there's usually 12-15 players on a team, and not everyone gets the same playing time, or equal opportunities to touch the ball and be part of the game. That's what our 3x3 basketball league is designed to provide. Lots of games, playing time, scoring and defending opportunities, and lots of touches of the ball, with coaching from some of the top coaches in town!
